

The walls of Jericho fell at the blast of the trumpets. The walls of the strongest bank vaults will crumble under the tooth of time. She thinks her valuables are safe ... are they? What man has made man can destroy. Only God is, the same yesterday, today and forever, Heb. 13:8. We are born in time but we are to live in eternity ... worldly possessions, silver and gold will be of no use there.

Dearest things are not put in bank vaults ... they are put in friends, family and above all, in God. Jesus said to deposit our treasures in Heaven ... that means in Heavenly things like Churches, Bibles and Missionaries. Intricate time locks and walls of tempered steel can be made to give way. She is trusting in this modern Jericho. It is folly but to trust only in God.

Health Center Plans Expectant Mothers' Class

At the meeting of the Citizen's Advisory Committee for the Torrance Health District held last week, it was voted to sponsor a series of Expectant Mothers' Classes to be held in the Torrance Health Center, 2300 Carson St., beginning Oct. 16. Members of the committee will assist in publicizing the service and will act as hostesses-registrars during the nine-weeks' course. The committee will also provide a graduation tea, according to Mrs. Edmund Chandler, chairman. Mrs. Charles Kayser, chairman of volunteers, reported that many women are needed to assist in child health conferences in the Torrance Health District. Miss Elva Lewis, tuberculosis nursing consultant for the County Health Department, reported on the chest x-ray survey conducted during the summer in the Torrance-Redondo district in which the committee participated. The report showed that more cases of active tuberculosis were discovered in this area than in most other communities. "The County Health Department feels that an intensive survey should be undertaken in that area in the near future," Miss Lewis said. She asked for the committee's assistance in setting up this program.

College Student Burns Up Landlord

BOSTON, Mass., Oct.—John J. Higgins, college student, has discovered the most effective method of burning up a landlord. He simply rigs up an inexpensive (?) lampshade of a sheet of paper, then dozes off. Hot bulb burns up paper lampshade, flaming lampshade burns up drape, blazing drape burns up the top floor of the house. Fiery top floor burns up landlord because landlord has only \$5,000 insurance on his \$10,000 house. Don't be half safe. W. E. Bowen, Torrance 215 (Adv.)
